

“DAN”

I know a fellow named Dan
He is quite a man indeed
He knows how to take the lead
He wins the trust of others
He is honest and kind
A combination hard to find
He protects us from being hacked
His service does not lack anything
With no room for slack
Dan is mighty fine
He helps develop the essence of what people present
to him
Sometimes it seems as easy for him as any whim
Dan keeps us all grateful for his consent
To work with us no matter how big or small is the
gain
He makes us feel no longer so insane
We loose some of the pain
Of trying to get across
Our essence while he tries to keep down the cost
He is Dan the big brain
